

Excellent commission potential and long term partner in profit relationship. Reuland Electric is looking for experienced Manufacturer's Representatives with well-developed territories to sell custom built AC electric motors industrial markets.

Reuland Electric, a 70 year old company is in the business of manufacturing custom built AC induction and PM electric motors. We market our product into multiple vertical markets across a wide range of industries. We offer a premium product and do not compete on price.

We are seeking Manufacturer's Representatives to continue our growth into emerging markets and penetrate deeper into existing accounts. We utilize Manufacturer's Agents exclusively and believe in building lasting partnerships in profit with our Reps.

Requirements:

Background in AC electric motors Drives and related Power Transmission equipment with general application knowledge.

Available territories: Colorado, Utah, Wyoming and New Mexico.

If interested, please contact Mariela Martinez at 626-854-5170 or e-mail at mariela.martinez@reuland.com.
